SUMMARY

Computer Science student at Universitas Diponegoro with hands-on experience building web applications, backend systems, and AI-powered solutions. Experienced with TypeScript, Python, React, Next.js, databases, and API development through academic and personal projects. Seeking opportunities in Software Engineering and Backend Development.

EDUCATION

Universitas Diponegoro - Undergraduate Computer Science **2024 - Present**

- **GPA** : 3.42 / 4.00
- **Relevant Courses**: Software Engineering, Object Oriented Programming, Data Structures, Database, Artificial Intelligence, Information Security

PROJECTS

Fasilitas Kampus — Facility & Reservation Management System *October 2026*
Academic Project — Universitas Diponegoro | github

- Developed a web-based campus facility management system using Laravel and MySQL to manage facility information, reservations, and damage reports.
- Implemented reservation management features, including submission, approval, rejection, cancellation, and prevention of overlapping approved schedules.
- Developed role-based access control for users and staff to support secure access to different system functionalities.

Navix — AI Powered Supply Chain Risk Platform *August 2026*
Personal Project | github

- Built an AI-powered platform for analyzing supply-chain disruption risks in Indonesia using Next.js, TypeScript, Groq, and Bright Data Web Search.
- Designed a multi-agent analysis pipeline covering commodity, freight, port, weather, geopolitical, supplier, and regulatory risks.
- Optimized LLM inference using batch processing, prompt compaction, token control, and deterministic fallbacks, reducing analysis latency from 90s to 25s in testing.

SKILLS

- Languages : Python, TypeScript, JavaScript, SQL, Java, Go, C
- Web & Frameworks : React, Next.js, Node.js, Express, Laravel, HTML, CSS
- Databases : PostgreSQL, MySQL, Oracle
- Tools & Methods : Git, GitHub, REST APIs, Postman, Excel

CERTIFICATIONS

- **Oracle -** Database Design Certification **January 2026**
- **Cisco Networking Academy** - Cisco Packet Tracer Certification **February 2026**
